P/C Hans A Heynau, SN

Hans originally joined the Squadron in 1971 in Orlando after getting his first new boat. He soon transferred to Norwalk CT where he became involved and progressed to Commander. While in Norwalk, most summers included a vacation on Lake George, NY. In 1988 he and Louise moved to North Palm Beach and later started studying Celestial Navigation under Chapman Award winner Joe Rawlins. Hans became his Sight Assistant where he assisted/mentored virtually all of the JN and N students to date.

This led to studies of Lewis and Clark's celestial data. In more recent years, his interest in celestial objects has been in the form of amateur astronomy. His squadron involvement has included upgrading the squadron's library holdings at headquarters, the introduction of PowerPoint teaching materials (resulting in his own Chapman Award in 2003), and proposing and implementing the in-house Roster and Afterdeck printing capability (at a great cost savings to our squadron's annual budget). His more recent interest in celestial objects finds him supporting parallel astronomy outreach programs and out camping and taking stunning pictures to share with family, distant friends, and occasional squadron programs. You may recognize him as the one at the lunch bunch "with stars in his eyes" (and on his iPad).

From the Commander

CDR JIM DEARMOND, AP

Hello, members and guest readers. It's a great time of year here in South Florida, and this month it's very special because it gives each of us an excellent reason to recognize that very special person in our lives... Valentine's Day!

Before you do anything else, think about something special you want to do for that very special person in your life. A gift, dinner, movie, dancing...you decide. Maybe all of those things. You decide, just do it! Now, why am I talking about Valentine's Day? It's simple really, if you're willing to do something special for someone you love, why not do something special for someone that is a friend or acquaintance or perhaps a person you haven't met yet?

At this point, you're asking yourself if your Commander has totally gone bonkers. I don't think so. Let me explain. If you're willing to do something special for someone you love, why not do something special for another person, too? What I'm talking about is showing them how to have fun boating and, perhaps at the same time, save a life. We hear stories all too often these days about tragic boating accidents that are preventable - preventable because the person at the wheel has failed to apply the proper rules on the water and caused a serious accident. Any of you that goes out on the water these days sees that happening. Often it's a minor problem. Sometimes, though, it isn't minor. It's much more serious.

Wouldn't it be wonderful if you could give that person a gift that could possibly save them from being responsible for a serious accident on the water? Well, you can! Have them attend our Basic Boating Class in February, specifically beginning 19 Feb for three evenings. This class, as you know, teaches the fundamental things any boater needs before they go out on the water. In fact, this class is required before a person born after January 1988 can operate a boat on Florida waters. No option, they must take this class.

Now, there are several ways to get this education from a variety of organizations. I think ours is the best, not just for the content, but for the instructor. We have an amazing group of instructors in our squadron, and one of the best is Rick Wood. Rick will be teaching this class and for \$30 your friend OR brand new acquaintance can get an excellent "taste" of operating a boat on the water safely and having fun at the same time.

Give this some serious thought. You have the power to make a huge difference in another person's life. Are you ready to take a "risk" and start a conversation—a conversation that not only helps that person learn to have more fun on the water, but to do it safely.

Oh, and why not sit in on the class yourself? I guarantee you will learn something from Rick and have fun while you're there.

That's it for this month. Think about what I've said. This is important, and I know it's not easy for many of you to start a conversation, but, it's too important to not have the conversation. Our organization is here to have fun and "promote boating safety through education". Let's do it!

Welcome New Members!

Pat Naulty
Tatiana Usova

We received a nice note with a Booster contribution from Laurie Chalmers saying she loves getting the Afterdeck and seeing photo of some familiar people and learning what is going on with her folks' beloved PBS&PS. She wishes Calm Seas to all.

Her folks are P/C Kenneth P. MacPherson, AP & his wife Abby.

A Captain's meeting before an event is important to ensure raft-up procedures do not damage anyone's boat. Captains' attendance is mandatory.

Alarming Increase in Number of Fatalities in Florida Last Year

By Virginia Blue 21 Apr 18

By [Kogan & DiSalvo](#), personal injury law firm located in Florida.

According to statistics from the Florida Fish and Wildlife Conservation Commission, [the number of fatal boating accidents increased 20 percent last year](#), despite the fact that the number of accidents in the state decreased by two percent:

In 2015, the state far surpassed every other state in the country in the total number of boating accidents. Florida had 671 recreational boating crashes, while California had 396, New York had 175, and Texas had 154 accidents. Florida also had the highest number of boating accident fatalities, with 52 deaths. California had 48 fatal boating accidents and Texas had 44. The number one cause of death – at 60 percent – was drowning. More than 80 percent of victims were not wearing a flotation device.

103 Lake Shore Drive #F88
at LAKE PARK HARBOR MARINA
LAKE PARK, FL 33403
Phone: 239-339-3944
www.FreedomBoatClub.com
Email: DustinT@FreedomBoatClub.com

A spokesperson for the Fish and Wildlife's Boating and Waterways Section points out that Florida also has the highest number of registered boats in the country. There are currently more than 930,000 boats registered. He also said that one of the biggest issues that contributes to these accidents is inattention of the people driving the boats. Too many are distracted by phones, GPS, or talking to other people on the boat with them. He said that this was the cause of the majority of crashes last year, 204 of them.

Operator experience was deemed to be the cause of 109 crashes, followed by 63 crashes resulting from excessive speed. Drinking and boating is also a concern, with 24 boating accidents being alcohol-related.

The Coast Guard also reports that in their 2016 Recreational Boating Statistics report that across the country, boating fatalities hit the highest they've been in five years, with 701 lives lost in boating accidents. This was up by 12 percent over 2015, where 626 people died. Boating accident injuries also increased. In 2016 there were 2,903 injuries reported, up 11 percent over the previous year's number of 2,613. Overall, boating accidents increased by more than 7 percent from 2016 to 2015.

From the Educational Officer

LT/C ARTHUR DODD, SN

Junior Navigation started January 9, taught by P/C Darryl Aubrey, SN, with 6 students. This is more JN students than we've had in a while.

Sail started January 10, taught by me, with 2 students.

Engine Maintenance, with instructor Ken Peters, SN, starts March 20. This course does not make you an engine expert. However, it will help you to understand engines and be able to discuss problems with an engine mechanic.

The latest statistics for completions of the America's Boating Course classes 2017 - 2018 and 2018 - 2019 have been issued by USPS. The data is based on the USPS educational year, which runs from July 1 to June 30 of the following year. This means the data for 2018 - 2019 is for a half year. Also included was National data from past years. According to the long-term data, there has been a significant decrease in the number of students completing the course since 2014. We have seen this in the attendance, or lack thereof, in the Palm Beach Squadron basic boating class attendance. One example was the class held at the North Palm Beach Library in November; 15 students registered, 3 showed up. This needs to change.

Seamanship class: as described in a previous article, this class has been renamed Boat Handling and has been converted to a seminar format. That means you can take any individual weeks you choose based

on that week's subject such as Anchoring or Tying Knots. There was a pilot phase that ran from September 1, 2018 through December 14, 2018, which means it is over and the Boat Handling course is now live. It should be noted that all materials - student manual, instructor kit, etc. - will be available only in electronic format; no printed materials will be offered for this class. Student kits will be \$48 and will be delivered in ebook format via a download key. During the changeover from Seamanship to Boat Handling, USPS will continue to support the existing Seamanship classes for another 2 years; however, availability of printed materials will probably run out earlier and beyond 2 years USPS will not grade exams. Palm Beach Squadron has enough Seamanship student materials for at least 2 more classes, so, for the time being, we will continue to teach the existing Seamanship class.

This is a reminder that we need students registering for a course to do so at least two weeks before the class starts. This is needed as we have a limited stock of student materials for each course and, if we have to order more, it takes two to three weeks to get it. Also, if an instructor hasn't heard from anyone interested in a course, that course is, by default, cancelled. Please don't just "walk - in" to a class, call to register.

Finally - to all members, and especially newer members: consider a "career" in the Educational Department. If you are an experienced boater, we could use you as an instructor. We will train you. If you don't want to teach, how about giving us a hand with the administrative side of education? Drop me a note at artdodd52usps@att.net.

On-the-water training on *Commander One* in the recent Seamanship (Boat Handling) class taught by one of our awesome instructors, P/C Rick Wood, JN. Thank you Priya for the photos. Looks like it was fun!

Palm Beach Sail & Power Squadron Fall/Winter 2018-2019 Course Schedule

Course	Length/Day	Start Date	Exam Date	Instructor		
Seamanship	9 weeks	TBD		P/C Rick Wood, JN	561-542-1146	\$ 70
Piloting*	8 weeks	TBD		Lt Mike Gavin, SN	561-373-0639	\$ 80
Junior Nav	15 weeks/Wed	9-Jan	May	P/C Darryl Aubrey, SN	561-670-0396	\$100
Navigation	20 weeks	Not scheduled		St/C Art Dodd, SN	561-758-4253	\$160
Weather	8 weeks	TBD		Lt Mike Gavin, SN	561-373-0639	\$ 70
Cruise Planning	9 weeks/Thurs	2-May	27-Jun	TBD		\$ 70
Engine Maintenance	13 weeks/Mon	18-Mar	17-Jun	P/C Ken Peters, SN	321-432-8071	\$ 70
Electrical Systems	8 weeks	TBD		Lt Larry Rudner, SN	561-842-9494	\$ 60
Communications	7 weeks	TBD		Lt Larry Rudner, SN	561-842-9494	\$ 60
Instructor Development	8 weeks	TBD		Lt/C Art Dodd, SN	561-758-4253	free**

*Seamanship advisable but not mandatory before Piloting and Sail courses.

** Fees listed are USPS member's prices. Non-member's fees are two times the member's prices. Fee for 2 people sharing materials is one and a half the member's prices.

1. All courses will be held at PBSPS Headquarters, 1125 Old Dixie Hwy, Lake Park.
2. All classes begin at 1900 (7:00 pm).
3. Participants are requested to register for classes at least two weeks in advance.

Operations Training: STF/C MARY DODD, SN

This month at the request of Cdr Jim DeArmond, AP, my article is about the duties of the Executive Committee. Since our squadron is incorporated, it is also known as the Board of Directors (BOD). The Executive Committee is made up of the Commander, Executive Officer, Squadron Educational Officer, Administrative Officer, Secretary, Treasurer and 4 Members-at-Large, one of whom is the immediate Past Commander.

The Executive Committee is elected by you, the membership, and is delegated the day-to-day operation of the squadron. According to Section 6.7 of our squadron bylaws, the Executive Committee's duties are as follows:

6.7.1 Meet monthly or when convened by the commander, have general charge of the policy, management and finances of this squadron, be vested with and have legal custody of all squadron property, and appropriate such sums as may be deemed advisable, within the limits of squadron resources, for the normal and usual operation of this squadron, including squadron, district and USPS functions.

6.7.2 Take final action on applications for all classes of squadron membership.

6.7.3 Carry on the normal business of this squadron between meetings of the membership.

6.7.4 Establish committees and appoint members thereto as may

seem advisable and in the best interests of this squadron.

6.7.5 Consult with and advise the commander regarding appointments to squadron offices and committees.

6.7.6 All squadron operating funds shall be kept in depositories insured by an agency of the U.S. government. The depository institute(s) are to be chosen with the advice of the squadron's treasurer. For planning purposes, operating funds shall approximate 150% of the squadron's annual operating budget. For investment funds, the squadron may seek out higher yield investments which have been recommended by a qualified professional. Finally, the Executive Committee shall approve the budget, including any investment decisions, for submission to the members.

6.7.7 Enforce the authority given it under these bylaws and take any necessary action consistent with USPS policy to advance the best interests of this squadron.

6.7.8 With the assistance and cooperation of the Educational Department, determine which courses and programs are to be offered during the squadron teaching year, and the times and locations thereof.

6.7.9 Invite the law officer to its meetings when legal expertise is desirable. The law officer shall be entitled to speak at such meetings but shall not be entitled to vote.

As you can see, the Executive Committee is very important to the squadron. All members can attend an Executive Committee / BOD meeting however you cannot vote at an Executive Committee Meeting however once recognized you can speak at a meeting. This information came from our Palm Beach Sail and Power Squadron Bylaws.

Callisto's Tips, Tricks, & Techniques for the New Year

A crew of PBSPS old timers, new comers, and perspective members motored **Callisto** down the ICW to the beauty parlor for a through paint and polish as well usual maintenance, inspection, and repairs. The crew of Paul, Pat, John, and Laura with Capt Ken sitting on his butt telling other what to do as per usual enjoyed the "voyage."

Along the way we took a side visit into the Bluffs Marina. We had heard rumors that the channel in and the marina proper was silted over. Like most rumors this was not true; The Bluffs is a beautiful Marina. Proceeding slowly, we found no depth less than 8 feet during a low tide time. The marina is populated with many large craft including a few sailing vessels.

The haul out at Seminole was uneventful and I was pleased to see that the bottom was less gross than expected. Bow damage due to an anchor event mid-ocean was more severe than first indicated. This will delay the float test until MLK day for her return to Jupiter Cove.

Callisto is looking forward to exciting On-the-Water events with fellow boaters and sailors. Keep your eyes on these pages for them. Most notably a raft-up at the Jupiter town piers at Dubois Park in March. The Cooperative team lead by Andras with Paul & Ken as his crew will provide depth information at the Captains' Meeting prior to the event at SYS Yacht Sails conducted by Capt Harry.

NOTICE OF ELECTION

NOTICE TO ALL ACTIVE MEMBERS: *The election of officers for the 2019-2020 Bridge Year will be held at the Squadron's Annual Meeting beginning at 7:00 P.M. on Tuesday, 12 March, at Sandpiper's Cove Restaurant & Bar.*

What you Need to Know

The Squadron's affairs are managed by the Board of Directors (Bylaws § 6.7). The members of the Board of Directors are the Commander, Executive Officer, Educational Officer, Administrative Officer, Secretary and Treasurer (collectively the Bridge Officers), Members at Large, and the most recent past commander willing and able to serve (Bylaws § 5.4). The Board of Directors is elected by the active members at the Annual Meeting in March of each year and takes office at the Change of Watch Ceremony the following June (Bylaws § 5.2).

Pursuant to Bylaws section 6.8, the Nominating Committee prepares a slate of officers for elected positions, which it then sends to the Secretary at least 40 days prior to the Annual Meeting. The Secretary is required to send to each active member a copy of the Nominating Committee's slate of nominees together with a written notice of the annual meeting (Bylaws § 9.3). Publication of the Secretary's notice and the Nominating Committee's slate of nominees in this edition of the Afterdeck News satisfies the notice requirement contained in the Squadron's bylaws (Bylaw § 9.6).

There are two other ways in which officers may be nominated for election: (1) Nominees by Petition - Written petition signed by at least five active members in good standing and filed with the Secretary at least 15 days before the annual meeting (Bylaws § 11.1); (2) Nominees for Vacancies in Nominating Committee's Slate - If vacancies exist in the Nominating Committee's Slate of Nominees, nominations may be made from the floor by active members at the Annual Meeting (Bylaws § 11.4).

Election to an uncontested office may be effected by a supported motion and a ballot cast and recorded by the Secretary (Bylaws § 11.5.2). Election to a contested office shall be by secret ballot, unsigned and cast in person (Bylaws § 11.5.3). No active member shall be eligible for nomination without first signifying a willingness and ability to serve if elected (Bylaws § 11.4).

From the Administrative Officer:

LT/C LAURA ZAVALIA, AP

A handful of committees are under my watch as your AO. Here is a quick rundown.

Boating Activities:

I am in the process of having more on-the-water activities. Captain Ken Peters, Skipper of sailing vessel 41' Beneteau, *Callisto*, is always looking for people to come sailing. Feel free to call him and invite yourself! 321-432-8071

Harry Diener – Is organizing March's activity at Dubois Park for a picnic. The area is accessible by boat and car. He will cook the basic hot dogs & hamburgers and we all will bring side dishes.

Membership:

2 new members this month – one has been out in *Callisto*!

Member Involvement:

Sick Bay:

Rita Bailey - If you know of someone who is sick or has been injured please call Rita.

Port Captains:

Laura northern Palm Beach County area.

Rick Wood southern P B County area.

Bill Eldridge mid-Palm Beach County area.

Assistant AO:

Pamela Piccone, Nancy Lawrence, Nancy Pepe & Rita Bailey are helping out with the many duties of Arlene's while she is travelling.

Leadership Development: Mary Dodd will be updating me

Please feel free to contact me with any suggestions.

**Attention! All Hands! We need a Property Manager
for our Headquarters building!
Please call Barbara Roemmele 561-358-6907**

The Meaning of Merit Mark

P/C Sally A. Williams, AP
Chairwoman, Merit Mark Committee

The Merit Mark Committee has the honor, privilege, and responsibility of preparing merit mark recommendations for those Active an Family members who have made substantial efforts on behalf of our squadron during the calendar year. In doing so, we are committed to maintaining the highest standards of this, our only reward, to those who have served so well in furthering the USPS objectives.

A merit mark is awarded by the Chief Commander to USPS members who have made substantial personal efforts in furthering the interests, programs and objectives of USPS, its Districts and Squadrons. Members are limited to one merit mark per year. When a merit mark recommendation is approved, the Chief Commander issues a certificate of acknowledgement to the recipient, who is entitled to proudly wear a special merit mark insignia on his or her USPS uniform.

After earning five merit marks, a member becomes known as a *Senior Member*, and upon earning 25 merit marks, the member is designated a *Life Member* and is exempt from paying annual dues.

The Bridge and Merit Mark Committee congratulate 2018 recipients:

- Andras, Andras (3)

SLIP INTO AN EXCITING ISLAND RESORT TODAY.

Pull up to our 77-slip marina and immerse yourself with unspoiled beaches, pastel sunsets and more waterfront activities than you can count. At the Hutchinson Island Marriott Beach Resort & Marina, you can spread out, dive in and truly cut loose.

Relax on more than 200 acres of lush Florida coast. Hit the links for 18 holes of challenging golf at The Ocean Club. And dive into waterfront thrills with jet skiing, kayaking, paddle boarding and much more.

Kick back and unwind at one of our two on-site tiki bars. The refreshing Sandpiper Tiki Bar serves up tasty frozen drinks, while the Latitudes Tiki Bar offers poolside bites and lively weekend entertainment. With so much to do once you dock, you'll have everything you need all in one fantastic location.

AN UNFORGETTABLE ISLAND DESTINATION AWAITS.
