TIME FOR MERIT MARKS

A merit mark is the only pay we get for our contributions to BRSPS. Of all the awards conveyed by USPS, the merit mark is the most prestigious. Indeed, five merit marks bring Senior Member status, and 25 merit marks accord a member life membership, exempt from national dues.

A merit mark is awarded by the Chief Commander based upon a recommendation by your commander. I have the responsibility of assuring that every one of you who has contributed substantially to our squadron's mission is rewarded with a merit mark.

I have already begun the process of preparing your merit mark recommendations. It involves researching the meeting minutes for assignments, documenting the contribution, reviewing the hundreds of pictures taken of BRSPS events, and combining these findings with detailed accounts of service by our ED Department.

Attending a general meeting does not constitute service. In all fairness, I must decide impartially who has truly earned this award. It is my responsibility to make sure that each recommendation is factual and worthy.

My recommendations then go to our Merit Mark Chair, Gail Wall, who enters the data in the USPS data base program called "DB2000."

By 15 November, the first set of recommendations must have been submitted. This may be our only submission, but if efforts by a member come to light, a supplemental submission may be made.

The recommendations are not sent directly to the Chief Commander but are routed by DB2000 through a reviewer, our District 23 "area monitor." He or she evaluates each recommendation to ensure that it is truly worthy of a merit mark. A recommendation which falls short will be sent back with an explanation of its deficiency. It is hoped that appending additional information will allow it to be returned as a resubmission.

All recommendations favorably reviewed by the area monitor are passed to the Chief for his final review. In most cases, a merit mark will be awarded. Except for the first merit mark, which is mailed, a certificate is sent to you as a PDF attachment to an e-mail from the Chief Commander.

Thank You!

FROM THE EDUCATION DEPARTMENT BY SEO P/C Jim Merker, AP

It's hard to believe that we are already closing out another squadron business year and the holiday season is nearly upon us! Much like December 31st for the rest of us, it is a good time to take stock of our educational achievements and plan for next year.

We held three successful Junior Basic Boating classes, Advanced Piloting, several Basic Boating classes with On-The-Water training, and the Flare Up just to name a few. This is no small feat and is thanks to all the hard work that our members have put forth, from the instructors to the facilitators, to all those working behind the scenes. I would like to invite you all to attend the Change of Watch, where Ernst started a tradition of recognizing each individual contributor to the ED Department. One I intend to continue.

Looking to the future, we have our Weather course continuing for the next few weeks. Then comes our last Basic Boating course of the year on 3 Nov. to close out the calendar year. Next year I am planning to offer Instructor Development, Instructor Recertification, Boat Handling, Junior Basic Boating and Basic Boating. Please feel free to let me know if you are interested in taking or teaching any of these courses, or if you would like to see us offer something else.

See you at the Change of Watch!

**Remember, we do not just offer boating education –
we provide superior boating education!**

Check our website www.banariversps.org for more information.

WELCOME NEW MEMBERS

Ronnal and Kathy Reichard, Melbourne, FL

FROM THE SQUADRON MEMBERSHIP CHAIRMAN: P/D/C Bob Becker, SN

Back in 1969 there was a movie called: "Support Your Local Sheriff". In 1971 the movie was "Support Your Local Gunfighter". Jump forward to October 2018 and we have "Support Your Local Squadron Commander and Staff". Yes, while it's not a movie, it is reality, and it is that time of the year for our annual Change of Watch where our elected officers take their place on the Squadron Bridge. These are the squadron members **you** have entrusted to run our organization for a year and need your support. .

Their success will depend on **YOU**, our membership. If you support their plans and programs for the year, we, Banana River, will be successful. If you don't, all their efforts will be wasted.

So let's start off the new squadron year by attending the annual Banana River Sail and Power Squadron Change of Watch. It's on a Saturday on the 13th of October at a great restaurant, **River Rocks** overlooking the Indian River. A social hour will be from 1100-1200 with the luncheon and ceremony starting at noon. Come and be with your fellow squadronites. Thank those officers who were in command and welcome the officers whom you elected to lead us for the next year.

I am certain that the new Bridge Officers have already been busy planning activities for the remainder of 2018 as well 2019. We will have a joint November-December meeting with a Holiday Party in early December, and in December it's the Christmas Boat Parade down the Grand Canal. 2019 will see many events which we can all participate in. Get involved, stay involved and make Banana River one of the best active squadrons in the Nation!

And don't forget Banana River is always looking for new members. Talk to your boating friends. Tell them about our squadron. Those who want boating education have their pick of many great USPS courses. Those who just want to boat and have fun are also welcome.

As America's Boating Club we offer something for every boater.

DEPTH SOUNDINGS ON INDIAN RIVER IN PREPARATION FOR CHRISTMAS BOAT PARADE

Saturday, December 15 is the big event and the second time that we are extending the parade paralleling the north-east side of the Eau Gallie Causeway. Why extend it so far beyond the southern end of the Grand Canal? Usually, come October, phone calls come in not just from locals but as far away as Orlando and New England inquiring about viewing locations (This year the first call was in early September). The reply, as many of you know was “not many and pretty limited.” An obvious choice for superb viewing is the 3,300 ft length of the causeway between the ICW bridge and the smaller east relief bridge.

From last year we learned that the decorated boats should be routed closer to the causeway without the risk of groundings. The 11472 Small Craft chart does not provide sufficient information for that area, so we performed a depth survey – something we know how to do. The picture on the next page shows the results [of the survey along with the probable route in 7 ft of water \(MLW\) and the location of the Judge’s boat.](#)

Participating crew were Ernst Hofmann, skipper John Pechar and Wally Jones .
