**WHAT'S HAPPENING IN THE NEIGHBORHOOD?**

ABC (USPS) just opened its new Learning Center in Central Florida, and we need to spread the word!

**Hands-On Boating Classes – only \$99!**  
 Learning Center Opens in Central Florida

**New Learning Center on Lake Harris**

America's Boating Club, a leader in boating safety and education for over a century, has opened a new Learning Center in Central Florida. We're located on Lake Harris at Fisherman's Cove Marina, about 2 miles southwest of Tavares. We offer top-quality hands-on boating classes on your schedule at an affordable price.

**Elevate Your Skills**

Our Hands-On Training: Basic Powerboat is a skill-based training program that covers the essential techniques of powerboat operation. This program was developed under a grant from the U. S. Coast Guard and incorporates the National On-Water Standards for powerboat operation. We use a blended learning strategy to combine classroom training with hands-on practice in small groups. If you are new to boating, we'll help you acquire the skills needed to be confident and safe. If you have years of experience, we will show you new techniques and increase your understanding.

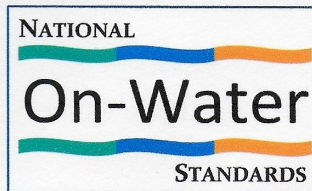

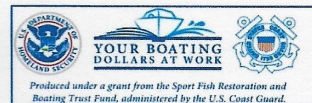

**For a limited time, this training course is only \$99! That's a 50% discount!**  
 (Offer expires March 31, 2020)

**How Does It Work?**

This program is a one-day, 8-hour training session. It includes 3 hours of classroom training and 5 hours of training and practice behind the wheel of a boat. Our approach includes a combination of blended learning techniques and sequential exercises that maximize your skill development. Our certified instructors will provide personal coaching to bring out the best in you.

**What Will You Learn?**

- Safety equipment and procedures
- Basic operation and controls
- Maneuvering in close quarters
- Operating on plane
- Docking
- Anchoring
- Emergency maneuvers
- Man overboard recovery
- ... and more!

## FROM THE DESK OF THE SECRETARY: LT/C STEPHANIE MURPHY, P

### AMERICA'S BOATING CLUB – SOUTH BREVARD MEETING MINUTES (DBA BANANA RIVER SAIL AND POWER SQUADRON)

**DATE:** January 20, 2020

**LOCATION:** Kelly's Burger and Beer, Melbourne, FL

#### Exec Board Attending

Cdr Shari Marshall, AP; P/D/Lt/C Ernst Hofmann, JN; P/C James Merker, AP;  
Lt/C Stephanie Murphy, P

#### Exec Board Absent

P/D/C Robert Becker; Lt/C Monika Bradley, S; P/C Edmund LeCun, JN

**Members Attending:** J. Carbee, John & Cathy Pechar, Bill Veit

**Visitors:** Brian and Linda Lula, Bob Wiley, Don Chase

The meeting was called to order at 1940 by Cdr Marshall. Pledge was led by John Pechar.

This meeting centered around presenting the winners of the Best Decorated Boat Contest from the 2019 Christmas Boat Parade with certificates and monetary awards.

Ernst Hofmann, principal coordinator of the Christmas Boat Parade, said that 45 boats registered for the Best Decorated Boat Contest. This year's Boat Parade had its challenges: it had to be postponed because of rough weather from December 21 to December 28. Some 65 boats participated consisting of Best Decorated Contest registrants and regular participants.

Photographers stationed along the Grand Canal were Bob Wiley (present) and George Campbell. Cdr Marshall (present) took pictures from the Judges Boat *Delfin de Oro*. A combined set of 102 photos is available for viewing on our website [www.abc-sb.com](http://www.abc-sb.com). A live streaming video was taken by Bob Moore, who lives along the Grand Canal, and posted to YouTube.

The three judges were CBSPS Valerie Dietrich, ABC-SB Earl Gillespie, and Coast Guard Auxiliary Bill Giers. They viewed the Parade from the Judge's Boat, met a couple of days after the parade, reviewed all the photographs, and determined the winners.

Power boat under 30 ft: *no name*, Jim Marvinny

Power boat 31 ft and over: *Stanbar*, Brian and Linda Lula

Sail unrestricted length: We have a tie and will split the award evenly:

*Windcatcher*, Bob Cahall

*Seaclone*, Stuart Miller

Gene Bogen from Satellite Beach Police Dept and Brevard Sheriff's Dept Lt. Dennis Casey helped make this a safe and enjoyable event.

Longtime Squadron member John Carbee spoke of how he and another squadron member started the "parade" with two decorated boats going down the Grand Canal in 1984. The Parade gathered more and more boats every year and lengthened its course to include rounding Dragon Point so that people can view the Parade along the Eau Gallie Causeway. There were over 40 cars parked along Causeway this year. The Parade now has about 100 boats participating each year. Calls start coming in as early as August from people who want to plan their weekend around seeing the Christmas Boat Parade.

**Minutes Continued:**

Winner of the Over 30' Power Boat: Brian Lula and his wife Linda talked about their process of transitioning from boat parade viewers along the Grand Canal to deciding to participate in the 2019 Boat Parade! It was their first year, and they were thrilled with WINNING in their first year. They decorated their boat in a Disney Frozen theme with wife and grandchildren dressed appropriately. They thanked the Squadron for all the years of joy that the Boat Parade has brought to the community.

Other Best Decorated Boat Contest winners for Power Boat Under 30', Jim Marvinny, and Boat Under Sail tied for first place, Bob Cahall (Windcatcher) and Stuart Miller (Seaclone), could not make it to the meeting.

**Commander's Report:**

The District 23 Winter Council Meeting discussed the USPS 18-pt Strategic Plan. We provided our inputs which were similar to the other D23 Squadrons.

The District 23 Spring Conference will be March 20-21 at the Holiday Inn Oceanfront in Daytona Beach. A dinner cruise will be Friday night. We are in charge of decorating for the Change of Watch on Saturday.

The District 23 Spring Picnic will be April 18<sup>th</sup>. It will be a BBQ in Palm Coast, and the expected cost will be no more than \$10 per person.

We would like to participate in Samsons Island Open House on February 22<sup>nd</sup> from 0930 to 1400. Please call the Commander if you would like to participate.

The District Fall Conference will be held here in Melbourne hosted by us. We would like to combine it with our Change of Watch, if possible. Cdr Marshall will check with the Melbourne Yacht Club.

USPS would like all Squadrons to set up a Volunteer Civic Service. This will be discussed further, but it includes going to public places and handing out brochures. We already have started doing this at boat ramps and at the recent Satellite Beach Founder's Day event.

Our Squadron won the District 23 "Greatest Percentage of Member Renewals" award for 2019.

**Secretary's Report:**

BRSPS has 49 active members and 2 associate members.

Holiday Party at Broken Barrel was festive with nearly 20 participants. We collected Toys for Tots and held a very nice gift exchange! Everyone was happy with the camaraderie and menu.

We received letters from National acknowledging our donations to the National Education Fund in honor of the 3 members who passed last year: Carol Carbee, Clara Ross, and Mayford Pence. Stephanie will scan these in and email them to the family of members.

At the February meeting at Kelly's Burger & Beer, Tinker Murphy will speak about "WD40-Friend or Foe." If anyone has suggestions for future meetings, please let us know!

**Treasurer's Report:**

L/C Monika Bradley provided numbers for the savings and checking accounts.

**Ed Department Report:**

The next Jr. Basic Boating class will be on Mon thru Wed March 16 – 18 at the Schechter Center in Satellite Beach. Tinker Murphy will be leading the class, with excellent support from Ernst Hofmann and Stephanie Murphy. We are soliciting other teachers to see who can pitch in.

The next ABC3 class is Saturday 14 March at the Ascension Lutheran Church in Indian Harbour Beach. Tinker will also lead this class with help from Ernst, James Merker, and Stephanie. John Pechar will handle

**Minutes Continued:**

refreshments. The class room will be set up the afternoon before.

The 1<sup>st</sup> Flare Up of 2020 is planned for May or early June coordinating with the Coast Guard Auxiliary.

A Boat Handling (replacing the old Seamanship) class is planned to start in April on Thursdays.

A Man Overboard and Dragon Point Challenge is also planned.

The meeting was adjourned at 2055.

Next General meeting will be held on our normal meeting night at 6:30pm on **17 February** at **Kelly's Burger and Beer, Melbourne**. Next Executive Committee meeting will be held at 7:00pm on **11 February 2020** at BAAB.

**WHAT YOU NEED TO KNOW...**

### New Life Jacket Labels

- The traditional “Types” categories are going away.
- New labeling system relies more on icons and less on wording.
- Older jackets and flotation aids labeled by “type” still meet regulatory requirements until no longer serviceable.
- **Two Categories:**  
Wearable  
Throwable
- **Wearable life jackets will be divided into five buoyancy categories: 50, 70, 100, 150, and 275 Newtons (metric to harmonize with Canadian standards)**

Copyright 2019 - Coast Guard Auxiliary Association, Inc.

### New Icons

**CHOOSE THE DEVICE YOU WILL WANT TO WEAR**

**SIZE & FIT**

- Check label for user weight and chest size.
- Different body types float differently.
- A good fit is secure, comfortable, and adjustable.

**TRY IT ON!**

**PERFORMANCE**

- Lower number offers greater mobility, comfort, and style with good flotation for most people.
- Higher number offers greater flotation, turning, and stability in the water.

50 70 100 150

← Best choice ← Good choice ← Worst choice

**CONSIDER YOUR ACTIVITY & ENVIRONMENT**

**RISK MANAGEMENT \***

- In over 80% of boating fatalities the person was not wearing flotation.
- Most of these are sudden falls overboard or capsizing of a small boat.
- The risk increases in the water the critical skills for experienced swimmers.
- Cold water shock causes gasping, loss of muscle control and panic behavior.
- Long term immersion in cold water requires thermal protection and flotation gearless to conserve energy.

**FLOTATION DEVICES SAVE LIVES**

### Comparison

Old Type	New Icon
Type I	100, 150, or 275 and Throwable
Type II	70 and Throwable
Type III	70 and No Turn
Type IV	Called a throwable
Type V (special purpose vest that met either I, II, or III standards)	Check the icons

**Remember, we do not just offer boating education – we provide superior boating education!**

**FROM THE SQUADRON MEMBERSHIP CHAIRMAN: P/D/C Bob Becker, SN**

Over the recent holiday period I spent a great deal of time watching on Utube TV, a family sailing a large catamaran around the world and the various events they encountered. During their adventures many thoughts came to mind regarding boating in our geographic boating area. Especially with regard to having the proper safety equipment on board.

PFDs. One per person and of the right size. And most important where are they located? Can they be acquired in time of need? Stowed under the front bunk will not cut it!

Fire extinguishers.: Proper number aboard as per USCG Regs. Here again, it is always wise to have more than the required minimum. Location is also very important. Do you have to cross the fire to get to the extinguisher? Are your units the dry chemical typ?. Be sure the powder is loose in the cylinder by shaking, caked powder won't help you when you need them.

Flares of all types. Are they also in a location where you can reach them? Are they current as per USCG Regs. Do you know how to use them?

Is your boat in Bristol shape? Can you walk around without tripping or falling over some piece of equipment? Do you have a first aid kit aboard and are the items current?

If you have a VHF radio, is it in working order? Do you know what the emergency channel is? Do your shipmates know how to use the radio in an emergency?

Most of all do you have an emergency plan; a plan which covers such items as a fire, engine quitting, someone falling overboard, a medical emergency etc. Planning is done before you need the plan, not afterwards.

So next time you are getting ready to spend time on your boat, consider the above. We want you to enjoy your time on the water. If there are any doubts in your mind regarding safe boating, sign up for one of our USPS educational courses
