Cdr Merker began the training describing various types of flares and their intended uses. Brian Smith from Melbourne Police joined the group. Ken Peters and Barbara Roemmele drove up from Palm Beach.

GREAT TIME!

## FROM THE EDUCATION DEPARTMENT BY SEO P/D/Lt/C Ernst Hofmann, JN

### IT IS A NICE DAY ON THE WATER WHEN MESSING ABOUT IN BOATS

*“Is it so nice as all that?” asked the Mole shyly, though he was quite prepared to believe it as he leant back in his seat and surveyed the cushions, the oars, the rowlocks, and all the fascinating fittings, and felt the boat sway lightly under him.*

*“Nice? It’s the only thing,” said the Water Rat solemnly, as he leant forward for his stroke. “Believe me, my young friend, there is nothing - absolutely nothing half so much worth doing as simply messing about in boats. Simply messing,” he went on dreamily: “messing – about – in - boats; messing... “*

*“Look ahead, Rat!” cried the Mole suddenly.*

*It was too late. The boat struck the bank full tilt. The dreamer, the joyous oarsman, lay on his back at the bottom of the boat, his heels in the air. “- about in boats - or with boats,” the Rat went on composedly, picking himself up with a pleasant laugh. “In or out of ‘em, it doesn’t matter.”*

*Nothing seems really to matter, that’s the charm of it. Whether you get away, or whether you don’t; whether you arrive at your destination or whether you reach somewhere else, or whether you never get anywhere at all, you’re always busy, and you never do anything in particular; and when you’ve done it there’s always something else to do, and you can do it if you like, but you’d much better not.*

A charming excerpt from *The Wind in the Willows* by Kenneth Grahame (1859-1932), British essayist, writer of children’s books.

Yes, charming but nonetheless it conveys some useful messages:

Pay attention and don’t get sloppy.

Never lose your composure

Keep a good lookout.

If you are in a sailboat, accept that destination and ETA rarely happen as planned.

The upkeep seems to be never-ending.

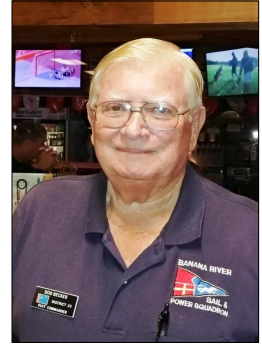

As an 11-year-old I had my own “flat on my back, heels in the air” moment. It was my first time in a boat with an outboard and while watching someone trying to start it, with the fist pull on the starter cord it met my face.

**Remember, we do not just offer boating education –  
we provide superior boating education!**

## MEMBERSHIP

I am sure you know that we are now within the Hurricane season which runs from 1 June until 30 November. **DO YOU HAVE A HURRICANE PLAN FOR YOUR BOAT?** Here are some of the ways to prepare for such an event.

### Have a Plan

Preparation for a hurricane begins with having a PLAN. Start with the following:

- Know the hurricane policies of your marina
- Take action 48-72 hours prior to the storm's arrival
- Remove and store items that can be removed
- Test your plan for shortcomings

### Be Prepared

Essential items following a hurricane warning go fast. i.e. duct tape, dock lines, fenders and other items to batten down your hatches.

### Monitor the Weather

Stay alert for weather bulletins and be ready to act on short notice.

### Safe Location

Move your boat to a safe location if possible.

### Stuck in the Same Marina

If your boat can't be removed from the water, ask if it can be relocated to a larger slip. A boat centered in an oversized slip with long lines at shallow angles to the boat will be able to rise and fall with a storm surge and has less chance of chafing against the sides of the slip.

### Insurance

If you carry marine insurance get out the policy and review its contents. There may be important conditions which could affect any hurricane damage payment.

### Ask a Friend

If you have never experienced a hurricane, seek out other boaters at your marina and ask what they did during a hurricane. Experience many times is better than the written word.

**BE PREPARED and BE SAFE!**

## JR BASIC BOATING

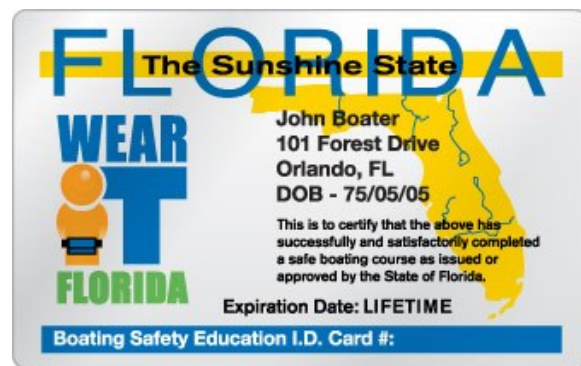

### June 7-9, 2021

Nineteen (19) students age 11-17 attended our Jr Basic Boating three-day class held at the Satellite Beach Recreation Center on June 7 – 9, 2021. The students were very enthusiastic and participated in various exercises. Eighteen (18) students passed the final exam and received their Florida Boating Safety Education ID card.

Tinker and Stephanie Murphy taught the class. Membership Chair Bob Becker handled registration on the first day. Ernst Hofmann joined in on test day, ensuring all grades were accurate.

The next Jr Basic Boating class will be July 12 -14. The next ABC3 for adults will be held on August 14. Both will be at the Schechter Community Center in Satellite Beach. Want to help? Give Ernst a call!

To date in 2021, we have added **26 BETTER BOATERS ON OUR WATERWAYS!**

## Great Loop Facebook Group

I am a member of this FB group and recently saw this post by someone currently cruising the 6000 mile Great Loop waterway up the Atlantic Coast, thru the Erie Canal, through the Great Lakes, down the Mississippi, and across the Gulf of Mexico back to the west coast of Florida.

*“Heading towards Brunswick, GA and just passed these signs. Have never seen it before and not sure what to make of it.”*

There were immediately 41 replies! It's a **RANGE MARKER**.

**Best reply was** “Never be afraid to ask. BUT This is pretty basic navigation. Please educate yourself before getting behind the helm (steering wheel).”

Many posts suggested this mariner take an America's Boating Course: ABC3, Boat Handling, Marine Navigation.

Just proves anyone can buy a boat and set out on the water without any basic training...sorry state of affairs.

# The Indian River Lagoon Total Health Score is 58 (F+) A slight improvement from prior year score of 52 (F)

From the MRC June 3 Seminar

MCR's Indian River Lagoon Report Card shows the health of the lagoon's water and seagrass quality as a single grade for all ten regions of the lagoon and twelve tributaries. Please read the grades as if you are reading a school test grade (100 is excellent and 0 is really, really bad.) The score of 80 (B) or above indicates that the region is meeting the regulatory target of health set by the state. Only a few areas are meeting regulatory standards.

The Entire IRL Report Card Data Set is available at the [SaveTheIRL.org](http://SaveTheIRL.org)

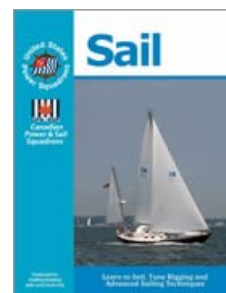

- Seagrass and water quality scores for each of the ten lagoon regions and twelve tributaries
- Health scores for the entire 27 years of data

**Exec Board Absent**

Lt/C Monika Bradley, S (report via email); P/D/C Robert Becker, SN

The meeting was called to order at **1905** by Cdr Merker. A quorum was present. Motion made by Ernst Hofmann and seconded by Shari Marshall to accept the May 11, 2021 meeting minutes; passed.

**Commander's Report:**

USPS

No news from National.

D23

District 23 is planning on a picnic on August 28<sup>th</sup>; more details will follow. Jim Merker will be providing an Instructor Development course to the Gainesville SPS at their request.

The East Coast Sailing Association is holding a 2-day SAILstice Event at Grill's Riverside on June 19 and 20. Lunch, dinner, and Blessing of the Fleet is open to the public; just give them a call so they have a number of people to reserve for.

**Secretary's Report**

BRSPS has 37 active members and 1 associate member. Stephanie will contact the Bucks since they are Cyber members of USPS and encourage them to join our Squadron. The June program will be Tinker Murphy presenting "**Anchoring.**"

Social lunches are planned for June 12 (Grills Riverside), July 3 (Ichabod's Dockside, Melbourne Harbor), August 7 (Bunky's Raw Bar, Indialantic), August 21 (TBD).

Social dinners are planned for the July & August meeting nights. Social dinners will be held at Kelly's Burgers and Beer.

**Treasurer's Report:**

The combination checking/savings account balance was reported. Cdr Merker (frames for banners), Ernst Hofmann (paperwork associated with JrBB), and Stephanie Murphy (refreshments for JrBB) have expenses to send to the treasurer for reimbursement.

**SEO Report:**

A Sail Course is planned to start on June 17 ending on August 12, with the final exam. The class will be held at Kelly's on Thursday nights from 7 to 9. A USPS Instructor's Manual will be purchased. Bill Veit will be unable to help teach at this time. ABCSB teachers were discussed including Cdr Merker, P/C Marshall, Wally Jones, and Ernst Hofmann. Jose Nunez has volunteered the use of his boat for the SAIL On-The-Water sessions. We don't have 5 signups yet. Stephanie will post an advertisement to the "I Love Satellite Beach" FB group. Jim Merker brought up the NextDoor app that has activities in neighborhoods. Ernst Hofmann will talk to Bob Moore about this (NextDoor), as Bob volunteered to do this for us to aid in publicity.

Man Overboard Rescue Training was held on 22 May and was a great success. Cdr Merker, Tinker & Stephanie Murphy launched at 9 a.m., dropped buoys and talked to each participant. The session started at 10 a.m. Participants included the Melbourne Police Department Patrol Boat, Melbourne Fire Department Patrol Boat, and members Monika & Joe Bradley and Shari Marshall & Wally Jones. With that success, we told the Melbourne PD Brian Smith that another MOB session would be held on Saturday 21 August followed by a lunch at a local restaurant for those who would like to participate.

JBB: Tinker and Stephanie Murphy are handling the first Jr Basic Boating course on June 7-9. Bob Becker helped with first day check-in. SBRC did not want parents to bring the students into the building, so the parents had to

drop off the students in the SBRC “Loop” requiring Bob Becker to stand most of the check-in period. The next Jr BB session is set for July 12-14. Teachers are being planned at this time. We’ll check with John Pechar to see if he’ll be back to help in July. Cdr Merker volunteered to help with the July meeting.

The next Jr BB session is set for July 12-14. Teachers are being planned at this time. We’ll check with John Pechar to see if he’ll be back to help in July. Cdr Merker volunteered to help with the July meeting.

ABC3: The dates for the rest of the year are booked with the Satellite Beach Rec Center on August 14<sup>th</sup> and November 20<sup>th</sup>.

We discussed the pathway to Navigator—the steps are Boat Handling [S], Marine Navigation [P], Advanced Marine Navigation [AP], Off-shore Navigation [JN], Celestial Navigation [N]. We have a few members who would like to continue up the path. We will contact other squadrons to see if we can join with them to cobble enough students to hold a class.

The Flare-Up was held on Saturday June 5<sup>th</sup> at 10 a.m. the Eau Gallie Boat Ramp. Cdr Merker notified all necessary authorities. Ten people attended, including past commander Ken Peters who came up from Jupiter. Several pyrotechnic devices were set off. The next FlareUp is planned for November.

Tinker Murphy volunteered to keep the website updated with the PDF files (Short Sheet, DragonTales, Educational Brochures) and more, if wanted. Our webmaster Adam Smith will continue to work on our website and has made some recent changes suggested by Ernst Hofmann regarding Boat Parade pictures.

### **Boat Parade**

Survey went out to the email list of over 100. Results: 8 replied; 4 made it to the Judge’s

boat; 4 registered for contest; 4 did not. Instead of a contest, we would like to spend money advertising the Parade and having it streamed live at various local bars and restaurants which would help the businesses and allow the public to view the parade. The contest has not gained us any new members since inception. Streaming from Samsons Island dock as well as Bob Moore’s dock near Shepard’s Lake was discussed. This will be discussed further.

### **Old Business:**

The 2021 ABC-SB Calendar was reviewed and events updated.

### **New Business:**

The July and August formal meetings will be suspended for 2021, but dinners will still be held at the same time, same location for social interaction. This motion was made by Shari Marshall, and seconded by Stephanie Murphy, passed. ExCom meetings will still be held virtually, and a shortened DragonTales newsletter will be produced for each month.

\$89.82 is needed to build frames to hold up the Squadron banners on the back of the Cdr Merker’s pickup truck. This motion was made by Shari Marshall, and seconded by Stephanie Murphy, passed. This addition will make it an easier and faster setup for Flare-Ups (next one in November).

The meeting was adjourned at **1955**.

Next Executive Committee meeting will be at 7:00pm on **July 13**, 2021 via Go To Meeting.
